VALID FROM 01.04.2026

What Do the Packages Include?

1 - Exterior Wash

We wash your car with degreaser, soap and water. We clean the rims with rim cleaner, then dry the exterior of the car and the door frames.

2 - Interior Cleaning

We vacuum the floors, seats and underneath the seats. We clean the entire interior (dashboard, doors, centre console, floor mats, windows/glass, etc.). Please note: Deep cleaning of seats and carpets is not included.

3 - Exterior & Interior Cleaning

1 and 2

4 - Interior Cleaning with Deep Cleaning

Includes No. 2, plus deep cleaning of seats and carpets. The seats and carpets are cleaned with soap and water, scrubbed with a brush and cleaned using an extraction cleaning machine.

5 - Full Wash & Deep Cleaning

Includes 1, 2 and 4. We also apply an interior plastic restorer with a pleasant scent, leaving the plastic surfaces in your car with a fresh shine.

6 - Exterior Wash & Polishing

Includes No. 1, plus polishing of the entire car, including door frames. (Please note: Polishing does not remove scratches, stains or tar from the paintwork, but protects it and gives your car a beautiful shine.) Paint decontamination to remove iron fallout, tar and asphalt stains is available at an agreed price. This gives the best results.

7 - Complete Exterior Package

Includes an exterior wash and rim cleaning with rim cleaner. We use a paint decontamination treatment to remove iron fallout, tar and asphalt stains from the paintwork. A cutting compound is then used to remove scratches (the deepest scratches cannot be removed), followed by polish to give the car a beautiful shine.

8 - Complete Package (Sales-Ready Car)

Includes 5 and 7. The car also receives headlight polishing, tyre dressing and an engine bay wash with plastic restorer, leaving the engine compartment clean and shiny!
